FEATURES

- Shatterproof: Tougher and safer than glass.
- UV-Stable: Won't yellow or cloud in sun.
- Efficient: High light throw with soft diffusion.
- Lightweight: Easy to install; low stress on mounts.
- Durable: Resists weather, heat, and impacts.

APPLICATIONS

- Street/Path: Ideal for park and sidewalk poles.
- Residential: Perfect for gate posts and porches.
- Indoor: Great for hallways, kitchens, and foyers.
- Commercial: Used in malls, cafes, and offices.
- Security: Provides bright, 360° perimeter lighting.
