

RAINPROOF POWER SUPPLY

PRESTIGE

EMPOWERING LEDs LIGHTING

RAINPROOF POWER SUPPLY

PRODUCT FEATURES

- Output 12V / 24V DC 400W
- Matches or exceeds LED strip wattage
- Matches LED strip requirements
- High efficiency rating
- Rainproof housing suitable for outdoor installation.
- Stable output voltage for reliable LED lighting performance.
- Built-in protection against overload, short circuit, overheating.
- Durable casing with efficient heat dissipation design.

COMMON APPLICATIONS

- LED strip lights for signage and decorative lighting.
- Outdoor landscape and garden lighting systems.
- CCTV cameras and security equipment power supply.
- Channel letters and advertising light boxes.
- Indoor or covered commercial lighting installations.

12V
